Faringdon Town Centre Pavements - 25/4/22

We get more complaints about the footpaths in the town centre than any other topic. Residents feel forgotten and we have all been let down by "promised" works that never materialised.

We have been working hard to lobby the county to make sure they are repaired and our town centre is brought up to standard. We have also joined forces with residents like Lucy to make sure this issue is kept in the spotlight. Together, we have created a petition to present to council and make sure we get this work to happen, in Faringdon. If you would like to add your name, click on the link below.

Clarinet Collective concert on Saturday 21st May at 6.30 pm in St. Mary's church, Longcot-
19/4/22

The Clarinet Collective is a versatile group of professional clarinetists who also work freelance with some of London's leading orchestras. They are delighted to be giving another concert in St. Mary's church, Longcot on Saturday 21st May.

The concert will start at 6.30 pm and there will be a bar for drinks from 6 pm. The theme is 'Rose, Leek, Thistle and Shamrock' and the programme will include music from all four parts of the UK, in celebration of the Queen's Platinum Jubilee.

There will be works by English composers through the ages, from Byrd and Purcell to Vaughan Williams and Elgar, also some twentieth century pieces inspired by Celtic and English folk music. At the other end of the musical spectrum we have some lighter numbers, including 'In Party Mood' by Jack Strachey, which was the ever-popular theme tune for BBC radio's Housewives Choice in the year of the coronation of Elizabeth II.

Admission free with a retiring collection, however all places should be reserved in advance by email to victorialmedcalf@gmail.com.

Profits will go to the Longcot Village Trust fund to support future community projects.

More action from Street Angels - 17/4/22

We've done around trees near Lechlade road mini roundabout, and outside the library ([pics here](#))

We'll be out and about again after Easter. If you want to be on the list (come when you can) do email me genewebb@rocketmail.com.

Much of what we do should be done by The Vale/Biffa so if there are places you think need attention you can report it via <https://www.fixmystreet.com/> (choose street cleaning). There's desktop version and an app.

Re, Building of 95 houses on former Rogers Concrete Site.- 13/4/22

I would like to reassure "Faringdon resident of forty six years" and "Grumpy old man" that the building of houses on the Rogers Concrete Site will not be the "wreckage" and "utter ruination" of Faringdon. This really is doom mongering on a breathtaking scale. Faringdon is evolving as is every other part of our country. As a Faringdonian born and bred I have seen all this before, every change is looked on with despondency and despair and prophecies of the Armageddon to follow, but, please believe me, it won't happen;

Faringdon will continue to be what it has always been, a nice little town in a nice part of the country in which we are fortunate to live..

Dennis.

Faringdon resident for the last ninety years

95 houses, pavements and parking.- 13/4/22

It's nice to know that there are people in Faringdon with the same views as myself about the expansion of the town.

Several months ago, I was ridiculed by several people when I posted a view that 'Faringdon is full'. It is full. The expansion is fuelled by greed for as much money as possible to pass into the councils coffers. The town is decaying rapidly, which started several years ago. It didn't help when Tesco opened, and basically killed the footfall in the town centre. The addition of Waitrose and Aldi, only added to the decay. There used to be a number of good independent shops. Not any more.

With all the new homes being built, where are the occupants going to work. Not in Faringdon, as there is nowhere to work. Which means that people will get into their cars and travel, probably Swindon or Oxford. So much for getting people out of their cars. They Will not, in the main, be electric cars, as these are far too expensive for many people.

On the subject of pavements. OCC 12/4/22, I do not believe for one minute that the pavements are inspected every month. If they are then somebody is not doing their job as they should. The pavements are a disgrace, and in parts, dangerous.

Regarding parking, I know where the attendants are not, and that is in Faringdon. I have said

previously, why do the council not introduce parking permits for residents, backed up by an attendant, if one exists.

Instead, the council would sooner waste our money on installing bike racks, which nobody has ever seen used.

I despair for the future of the town, which is a great shame, but a fact.

Resident for 34 years.

Womens Cycle Tour will come through Faringdon - 13/4/22

Witness the thrill of elite cycling in the Vale of White Horse

People will be able to witness the thrill of elite professional cycling when the Women's Tour returns to the Vale of White Horse on Saturday 11 June.

Following successful events in 2019 and 2021, this will be the final year that The Women's Tour will visit Oxfordshire, following a three-year partnership with race organiser SweetSpot. For 2022, the county will host the sixth and final stage of the Tour in what promises to be a spectacular finale.

On the day, the riders will race through the Vale's three towns - **Faringdon**, Wantage and Abingdon - as well as nearby countryside and villages, giving a great opportunity for thousands of people to see the action. Villages on the route include: **Little Coxwell, Fernham, Uffington**, the Hendreds, Harwell, Radley and Kennington.

Communities across the district are being encouraged to mark the occasion - this could be as simple as lining the route to cheer the riders on, putting up bunting, flags, or cycling inspired artwork, creating a cycling themed window display or having cycling themed events.

To see the full route map visit whitehorsedc.gov.uk/womenstour.

RE 95 houses to be built on Rogers Concrete site -13/4/22

We totally agree with Faringdon resident of 46 years. Utter ruination of Faringdon and other towns and villages is happening before our eyes. Its also a shame that friends and neighbours have already left our Town because of this.

Regards Grumpy Old Man.

Regarding the footway surfaces around the Town Centre of Faringdon

Our Highways Maintenance team are aware of the current condition of the footways and are finalising the details of the maintenance operations around this major project.

I can confirm the long-term remedial repairs to the footways in the Faringdon Town Centre are estimated to be carried out later this year and expect this to be in July/August 2022.

It is anticipated that the duration of the works will be approximately four weeks from the start date, which is yet to be confirmed.

In relation to areas of safety, the Town Centre is regularly inspected (monthly) by one of our Highway Officers and any defective areas or issues that fall within the criteria for intervention will have appropriate works orders raised to deal with the defects.

I would like to reassure you that the area will continue to be monitored until long-term remedial works are undertaken.

RE 95 houses to be built on Rogers Concrete site- 12/4/22

It's such a shame the Vale Of White Horse has let Martins properties LTD from London planing permission to build 95 house and only 15,000 square meters of commercial building that would only employ 15-24 people maximum, This land has been earmarked for twenty years for commercial use only. Yes it's lovely the VOWH has made clear the developer Martins properties LTD has to contribute money to schools and sport and leisure/health and art?

Ok Faringdon is Now officially full and there is no employment the town is a wreck and falling down around your eyes, So when the school leavers leave school/six form, Where are they going to work VOWH? They all can't all do windscreen cleaning on the vehicles gridlocked on the A420. On a brighter note when the new homes houses start crumbling down and be knocked down, there will room for commercial units build in there place.

Faringdon used to be a nice small market town area with a lovely quiet atmosphere. There was a Lot of interest from small companies regarding buying parts of the land for employment, I myself- but the agent didn't want to know or pass the information on.. Thank you VOWH planners you have wrecked another Oxfordshire town... When you visit Faringdon in fives years time you will hang your head in shame.

Regards

Faringdon resident for forty six years.

I use a mobility scooter. When I go into town & try to go up London street I cannot use the footpath because of cars parked on the footpath. It's too dangerous to go on the road.

FOLLY GO-ROUND RAISES OVER £1,000- 20/6/22

Volunteer Dave Thompson managed to circuit the famed landmark of Faringdon Folly 38 times on Sunday, raising just over £1,000 for the RNLI.

Dave, 77, says: "Conditions were perfect and it was great to see how much support the RNLI continues to enjoy even so far inland.

"Sincere thanks go to all those who contributed and helped both on the day itself and via JustGiving in the run-up."

The Faringdon branch is back on its feet after the worst of the pandemic but the average age of the committee is 76 and badly needs younger volunteers. The 100-ft high Folly Tower is a noted Oxfordshire landmark and walking round so many times meant Dave covered about 10 miles in all.

Birthday greetings.- 2/6/22

As further proof that the Devil looks after his own, Dennis has recently celebrated his ninetieth birthday. Dennis would like to thank all those, especially the ladies who offered congratulations on his birthday and to reassure them that, although the thatch may be thin, the fire still burns brightly.

Thank you all very much.

ED: Happy Birthday Dennis

Park Road.- 2/6/22

Relax Faringdon residents; this is not another smartass anonymous posting from Name Supplied about the Park Road works. It is a big thank you to those responsible for clearing the foliage from the short cut between Highworth Road and Westland Road.

A superb job Ladies and gentlemen . Many thanks..

Dennis Haynes
