Join us for a special visit from the **Smile 360 Team**, Oxfordshire's Oral Health Improvement Team, after our Rhyme Time session.

The Smile 360 team will spend a few minutes sharing simple, practical tips with parents and carers on how to help children develop healthy oral health habits from an early age.

Team members will be available before and after the session to answer questions and provide support on all aspects of children's oral health.

This is a great opportunity to pick up helpful advice, discover useful resources, and learn more about keeping little smiles healthy.
