YPRES (MENIN GATE) MEMORIAL**

**Commemorated in perpetuity by the Commonwealth War Graves Commission**

The Menin Gate is one of four memorials to the missing in Belgian Flanders which cover the area known as the Ypres Salient.

Broadly speaking, the Salient stretched from Langemarck in the north to the northern edge in Ploegsteert Wood in the south, but it varied in area and shape throughout the war.

The Salient was formed during the First Battle of Ypres in October and November 1914, when a small British Expeditionary Force succeeded in securing the town before the onset of winter, pushing the German forces back to the Passchendaele Ridge.

The Second Battle of Ypres began in April 1915 when the Germans released poison gas into the Allied lines north of Ypres. This was the first time gas had been used by either side and the violence of the attack forced an Allied withdrawal and a shortening of the line of defence.
